PROFESSIONAL SUMMARY

Data-driven Operations Leader with an M.Sc. in Computer Science and over 4 years of hands-on experience optimising production pipelines, scheduling, and logistics for the US promotional apparel market. Proven track record of managing end-to-end supply chain architectures, driving \$5.93M in verified cumulative revenue, and implementing automations and SOP networks to scale operations. Expert at bridging technical data infrastructure with shop-floor manufacturing efficiency to eliminate operational variance.

CORE COMPETENCIES

Production Architecture: Production Planning & Control (PPC), Capacity Scheduling, End-to-End Workflow Optimisation

Operations Technology: System Integration, ERP/PLM Data Synchronisation, AI-Agent Reporting, Process Automation

Supply Chain & Governance: International Procurement, Contract Negotiation, Multi-Million Dollar Vendor Management, Global Compliance

Leadership & Scaling: SOP Design (Notion/Loom), Cross-Functional Team Oversight, KPI Mapping

PROFESSIONAL EXPERIENCE

Production Lead

May 2022 – Present

The Collegiate Lineup LLC, Tampa, FL, USA (Remote)

- Directly own the production planning, capacity scheduling, and procurement backbone for a high-volume US promotional apparel operator.
- **Output Scale:** Executed 45.9% of total historical organisational output, driving \$5.93M in verified cumulative revenue and \$1.44M+ in net profit.
- **Systems Optimisation:** Designed and deployed automated reporting mechanisms and cloud-based workflow structures to synchronise data pipelines between vendor manufacturing facilities and fulfilment nodes.
- **Resource Allocation:** Manage international procurement, evaluate vendor compliance matrices, and approve final payments across multi-tiered supplier networks.
- **Risk Mitigation:** Maintained operational continuity during structural team scaling, systematically identifying and resolving production bottlenecks to protect over \$650K in at-risk annual value.

Head of IT Department

Mar 2019 – Jul 2022

Dhaka Central International Medical College Hospital, Dhaka, Bangladesh

- Served as senior technology executive reporting directly to the Chairman, leading cross-functional technology strategies, privacy functions, and infrastructure deployment.
- **Infrastructure Design:** Structured and managed complex networks and enterprise software deployments across Pharmacies, Diagnostics, Logistics, and Administration.
- **Vendor & Team Governance:** Directed in-house engineering skill development and governed critical SLA matrices for high-value technology vendors.

Head of Operations

Jul 2017 – Feb 2019

Innovative Trade, Dhaka, Bangladesh

- Oversaw institutional finance operations, technical assets, regulatory compliance frameworks, and business development initiatives.
- **Capital Execution:** Successfully executed a USD \$4.5M International Competitive Tender from Singapore, earning the organisation's highest individual performance honour.
- **Policy Architecture:** Designed and deployed internal operational policies and CRM tech stacks that modernised customer service response times and workforce productivity.

Coordinator – Operations & Networks

Aug 2014 – Jul 2017

Lexicon Merchandise, Dhaka, Bangladesh

- Managed corporate procurement strategies, contract negotiations, and provider integration functions.

EDUCATION & CERTIFICATIONS

- **M.Sc. in Computer Science** — South Asian University (SAARC), New Delhi, India (2014)
 - Awarded 100% Tuition-Waived SAARC Silver Jubilee Scholarship | Awarded Bangabandhu Fellowship in ICT by the Ministry of ICT, Bangladesh
- **B.Sc. in Electronics & Telecommunication Engineering** — Daffodil International University, Dhaka (2012)
- **Language Proficiency:** English – IELTS General Band 7.0 (CEFR C1) | Native Bangla

PUBLICATIONS & RESEARCH OUTPUT

Author of 12 scientific publications in international journals on Machine Learning, Automation, Image Analysis, and Cloud Infrastructure. Accumulated 109 citations with an h-index of 6.
